Full resume

Hard Skills

Automated test

Test frameworks (e2e, api) for quick quality gains. Playwright as my tool of choice

Test strategy

Quality Assistance advocate. Methods and tools so devs own quality and test earlier (pairing/workshops)

Agentic development

Agentic workflows with LLM coding agents and context engineering to scale test automation

DevOps

Setting CI-CD pipelines with automated tests executions

Soft Skills

Problem-solving
Decision making
Communication
Good mood!

Education Background

2011-2014: Engineer degree, ENSEM, Nancy
2013-2014: Master ISC, University of Lorraine, Nancy, Double degree
2009-2011: Classes préparatoires, Lycée Carnot, Dijon, PSI*
2009: Bachelor's degree, Lycée Montchapet, Dijon, Science degree

About Me

Seasoned QA Specialist (certified ISTQB) with 12+ years in manual and automated testing, specializing in UI/UX-driven, high-quality products. Passionate about crafting simple, usable, and top-tier products. Seeking opportunities to elevate user satisfaction through top-notch QA and streamlined automation testing processes.
I work with AI coding agents daily to plan, build and review — and help teams do the same.

Professional Experience

Sunday | QA Engineer
Dec 2025 - Present (11 months)
Sunday is reinventing the restaurant payment experience.
- E2e testing strategy from scratch (Playwright), integrated into CI/CD
- Orchestrating AI coding agents to plan, build and review testing features
- Agent skills & guidelines enforcing Page Object Model for agentic test development
- Devs now contribute e2e tests via AI agents, no Playwright needed — from days to hours

Weda | QA lead
March - Nov 2025 (9 months)
Weda is a leading healthcare practice management software for doctors.
- Leading a team of three automation testers (agile methodologies)
- Increasing test coverage with relevant e2e tests (Playwright, Azure DevOps)
- AI coding assistants accelerating test suite development and maintenance
- Mentoring junior teammates on quality and automation

Exaprint
Nov 2021 - Feb 2025 (3.5 years)

Orange
May 2019 - Nov 2021 (2.5 years)

AGIPI - ADIS Assurances (AXA)
June 2017 – April 2019 (2 years)

PSA - Peugeot Citroën
June 2015 – June 2017 (2 years)

Digitsole
March – Dec 2014 (10 months)

Achievements

130+ Added e2e tests for sunday and **150+** for weda.fr catching (many) bugs!
10 000+ Automated tests for exaprint.fr|es with:
1 000+ Monthly views on my **Medium blog**
Created an awesome app! **Calcator**: notebook meets calculator!!
And a very cool **VS Code extension**! (downloads growing :))
